

Orchard & Shipman care and support

Orchard & Shipman care and support provides professional support and housing options to adults who have complex and specialist needs. We are registered with the Care Quality Commission.

Support for the client

It is our belief that the services we provide must be designed around our clients' needs and that our clients must own their own goals and outcomes.

We place clients on centre stage and involve them throughout the care delivery planning process. Our individualised packages are outcome focused and the care and support plan promotes independence, whilst focussing on each area of a persons life and how they wish to be supported to achieve their goals.

Our team

We have a team of professionals with a range of experience including; working in independent living and registered home settings for people with mental health issues, learning disabilities and physical disabilities. Our working style compliments the re-motivation therapy approach, we focus on the abilities of our clients and build self-esteem by positive input from Occupational Therapists and support staff.

Care and Support

A partnership approach

Working together in partnership with commissioners, clients and their families we ensure maximum provision of care and support. Individualisation, inclusion and maximum independence is at the heart of what we do.

Our key support areas

- Vulnerable adults with mental health or learning disabilities
- People with complex needs and challenging behaviour
- Domiciliary care services

Our unique approach

- Support is tailored to the needs of the individual to reflect their choices
- We retain specialist staff with years of experience supporting people with learning disabilities, mental health, epilepsy, autism, Asperger's Syndrome and personality disorders
- We work to get feedback from clients and others we work in partnership with to ensure continuous improvement of our services

Adding value through The Orchard & Shipman Group

The Orchard & Shipman Group can provide quality accommodation to suit the clients' needs. Using our direct links with our housing and letting divisions we will use our privileged position to source affordable private rented accommodation. The accommodation provided is within easy reach of local amenities, public transport and local activities as well as the support networks that clients depend on.
